BENEFIT BROCHURE

THEBEMED
MEDICAL AID SCHEME

Accessible Care • Affordable Prices

Subject to approval by CMS

THEBEMED BACKGROUND

Thebemed Medical Aid Scheme is inspired by the vision of the pioneering black-owned Thebe Investment Corporation. The sole shareholder at the time was Batho Batho Trust, a community-based trust which included Nelson Mandela (Chairman), Walter Sisulu and Reverend Beyers Naude as original Trustees and Dr Enos Mabuza as the first Chairman of Thebe. Thebe is driven by a commitment to serve the broader interests of communities at large.

Thebemed Medical Aid Scheme was established on the 12th of September 2002 and is focused primarily on providing healthcare to beneficiaries previously excluded from cover. The Scheme is providing healthcare predominately in the mining, logistics and agricultural industries. Thebemed is driven by a commitment to serve the broader interests of communities at large to provide quality healthcare solutions at affordable and sustainable manner. We provide affordable, accessible, quality medical cover to our low and middle income working class.

We strive to eliminate co-payments and out of pocket payments, while ensuring that benefits are available for the full year and our members do not experience benefit exhaustion before the year end.

We have a high-quality network of contracted healthcare providers with the General Practitioner (GP) being the primary coordinator of care.

Thebemed continues on its growth trajectory with a healthy mix of members. Financially, Thebemed shows a positive net financial result despite some of the high costs cases observed, with our solvency remaining comfortably above the statutory requirement of 25%.

UNIVERSAL EDO

(Efficiency Discount Option)

The Universal Efficiency-discounted option (EDO) is a sub-option of the Universal plan. An EDO option is designed around members' willingness to limit their choice of provider(s) in a restricted network.

Members selecting Universal EDO agree to pay lower contributions (relative to the Universal plan) in return for having their choice of hospitals and doctors restricted when they are treated for all medical treatment.

Unlimited at DSP network for EDO option, hospitals under Life Healthcare, Mediclinic & Netcare group.

A co-payment of R1 000 applicable for use on Non-DSP.

The main Universal plan's DSP* network list is broader with a national footprint compared to the Universal EDO.
